COUNSELING PROGRAM FOR DEAF PERSONS

Family Service of Prince George's County, Inc., is pleased to announce its new counseling program for deaf and hearing impaired residents of the metropolitan Washington area.

This program has been made possible through partial funding from the United Way of the National Capital Area. This support allows them to offer counseling services at fees which are adjusted to one's income and dependents, i.e., on a "sliding scale."

Their present staff consists of two professional social workers, one deaf and one hearing, who provide a variety of mental health and social services to individuals. The office is open from 9:00 a.m. to 5:00 p.m., Monday through Friday. Saturday and evening appointments can also be arranged. Referrals from community agencies having deaf and hearing impaired clients who could use these services are invited. You can contact the program by calling 459-2121 (voice) or 459-7588 (TTY).

DEAN PEET GOES HOME

Dean Elizabeth Peet has settled down in her own domain! The handsome portrait of Dr. Peet, presented to Gallaudet College by the GCAA in the '50s, has been taken out of seclusion and now hangs in the west entrance hall of Peet Hall. Come by sometime and meet the great lady!

"BLACK AND WHITE CHICAGO STYLE"

The Student Union will be opening an exhibit of photographs by Dr. Daniel C. Nascimento on October 10 from 4-6 p.m. in the Student Union Gallery (Old Faculty Dining Room). The exhibit will run from October 11 - 24 and will be open between the hours of 11 and 1 and 4 and 6, Monday through Friday. All members of the campus community are invited to attend this opening.

EFFIE'S OUTFIT

Of interest to both old timers and today's youngsters is an exhibit (in the Chapel Hall corridor) of two items of bygone days: a gym suit -- middy, tie, bloomers and all -- worn at Gallaudet in 1917 - 18 and a Red Cross uniform worn by the Gallaudet coeds during World War I. A Red Cross corps of women was organized at Gallaudet College under the leadership of Dean Elizabeth Peet. Their chief effort was the preparation of surgical dressings. Beside the uniform is a photograph showing the women in impressive formation ready to join a victory parade through the streets of Washington.

Both outfits are the gift of Effie Wesen Anderson, Class of '18. It will be recalled that Effie herself was pictured in Gallaudet Today (Vol. 7, No. 3, p. 32) in this same gym outfit that she wore 60 years ago.

DEAF SCIENTIST TO SPEAK

Dr. John J. Gavin, director of Allergy Research Affairs at Miles Laboratory in Elkhart, Indiana, will speak here on Thursday, October 12 at 7:00 p.m. in the SUL.

Dr. Gavin is currently involved in developing new approaches to the diagnosis and therapy of allergic disease. Deaf since 1956, he is also president of the Foundation for Science and the Handicapped.

In his lecture, Dr. Gavin will discuss the problems and rewards of being involved in the field of science. He will also point out, in the light of his own experiences, how a deaf person might best prepare for a career in science.

This program is being sponsored by the Student Union in cooperation with the Departments of Chemistry, Biology and Physics.

POSITIONS AVAILABLE

SECRETARY: Education Department
SECRETARY: Physical Education Department

Circle Theater Ticket Books

The box office is open Monday through Friday, from 4:00 - 6:00 and is located in the Student Union Office.

WILL WE...OR WON'T WE?

That's the big question now on campus. Will we renovate and restore Ole Jim into the beautiful building it once was? Will we bring it back to full usefulness, to be shared by both the College and the alumni? Feedback is needed on the feasibility of the restoration project and Mary Anne Pugin of the A/PR Office and Judy Bortner of the President's Office are setting out to obtain such feedback. Ms. Pugin has just returned from Chicago, Illinois, where she talked with several alumni about Ole Jim. She will be talking with local alumni and will leave soon for California and Texas to meet with other alumni there. Her report... thus far, everyone's optimistic.
